Subject: Strengthening child sex abuse laws

Categories: Purple Category

Hello,

I am writing because I too would like to have a say in strengthening the laws around child sex abuse. Having children has been a huge eye opener for me and I would love to see our laws strengthen to hopefully help deter offenders. I feel not only should the maximum penalty be increased (in all areas, not just for "having sex with a child under 10), but the minimum sentence should also be increased because rarely do offenders incur the maximum penalty anyway. Also there should be a law passed to allow "naming and shaming" and some way of finding out how many/who/where there are sex offenders around you. All laws regarding child abuse should be strengthened.

Regards

Ashlea
