**Re: Discussion Paper, The sharing of intimate images without consent - 'revenge porn'**

### [The Australian Christian Lobby](#)

The Australian Christian Lobby's (ACL) vision is to see Christian principles influencing the way we are governed, do business, and relate to each other as a community. ACL seeks to see a compassionate, just and moral society through having the public contributions of the Christian faith reflected in the political life of the nation.

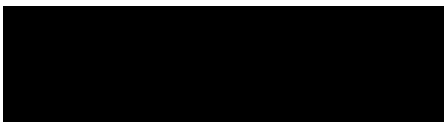

With over 70,000 supporters, ACL facilitates professional engagement and dialogue between church and state, allowing the voice of the Church and of individual Christians to be heard in the public square. ACL is neither party-partisan nor denominationally aligned and lobbies in the Federal Parliament and all State and Territory Parliaments.

### [Non-consensual sharing of intimate images](#)

The Australian Christian Lobby welcomes the announcement by the NSW Attorney General that the NSW Government proposes to specifically criminalise the distribution of intimate images without consent.

ACL is encouraged by the NSW government's commitment to take action on this issue and wishes to add in principle support to the efforts to draft specific legislation designed to criminalise the sharing of intimate images without consent.

Yours sincerely,
