Subject: Historical child abuse decisions
Date: Friday, 6 March 2020 4:14:03 PM

I submit that the Government should be able to set aside historical compensation decisions made, so that the persons concerned can be free to sue those responsible for their abuse. Any payments already made may well have been via coercion and accepted in the belief that the might of the abusers would never agree to amount which reflects the crime. Most of the compensation agreements I understand were manifestly inadequate.

Sincerely,

[REDACTED]
